

Horse Hill School

**1996-97
Yearbook**

971.23
HOR

Principal's Message 1996-97

'Students are like rough stones, which can be polished and turned into gems.'

As I reflect on the year I marvel at the work we have accomplished. The staff, students, and parents have worked together throughout the year to ensure that teaching and learning were a priority and that students could become the best that they could be. We have had an outstanding group of teachers who have worked with students and provided extended learning activities that included the Christmas Concert, a Celebration of Excellence Assembly, Fun Day, Science Fair, Writing Contests and Math Contests. Opportunities for involvement in sports have been offered through a strong intramural program, and a variety of team sports offered after school.

Students have demonstrated responsible citizenship throughout the year. I believe standards for student behaviour and conduct were very high. Our students have demonstrated a commitment to learning, and are always willing to help around the school.

Parents too, have supported the school through the S.A.C. and the P.A.C., volunteering, parent evenings, conferences and surveys. The greatest contribution a parent can make, in my mind, is their continued interest and support in their child's learning.

Each of us shares a role in making Horse Hill a great school. Through our shared efforts the entire group benefits.

We strive for high expectations for achievement, behaviour and conduct. We believe that setting goals is an important part of school success. Thank you for assisting me to achieve goals that I have personally set for our school.

All the best in 1997-98!

Carol Symons, Principal

Meet the Horse Hill Staff 1996-97

Class Memories From Grade 2 / 3

First , we studied Bears . Then we studied dogs . After that , we went to Stage Polaris . Then our penpals came to our school . We made pictures of why mosquito's buzz in our ears . We started studying Japan . We watched movies of Japan . In L.A and science , we started studying butterflies .Then we made some magazine butterflies. We waited for our butterflies to come out of their chrysalids . Then we had Track and field . I liked the year a lot .

Ms. Tschaja's Class Memories

Mr. Chan is a great computer guy. He can be a big help if something happened on the computer. He can come and fix the mistake. He helped some classes get into the network. One time Ms. T's class could not get into anything so he came and typed something in and we got to writing. He is a big help for this school. If we did not have him here we would not have computers. We are lucky to have great teachers and a great principal.

Miss. Blask's Class Memories

Memory #1

Our class is special because we have a good teacher who mixes work with fun. We share and we are friends with everyone in our class. We like to have visitors in our class because they teach us something new and interesting. Our class likes going to gym with Miss. Blask because she lets us play fun games like Battleship and Dodge Ball.

One special thing, we did was go to Grace Martin School to visit our penpals. We went to the wave pool then to a Bar-B-Que in the backyard of a parents house. We ate hotdogs and homemade sundaes, as many as we liked. Then we had a tour of Grace Martin School.

Another thing we do is have "clicker parties" every two thousand clicks. To earn these clicks we have to demonstrate great behavior. We have chips, pop, juice, cake, crackers, cheese, veggies, and fruit. We watch a movie or have a dance. We have a lot of fun during our clicker parties.

I'm glad our class gets to do the activities we do. We also have a great teacher to provide them.

Written By: Ashley Desmarais

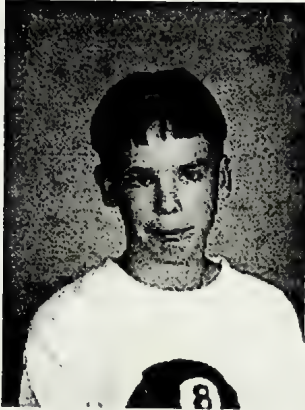

Memory #2

Our class is special because we are good listeners and we rarely ever get our names put up on the board. We like to have gym with Miss Blask because she is very athletic. Our class likes to help with things and be generous to visitors that come to the school. In our class we have a rule. It is that everybody plays or nobody does. My favorite thing my class did this year was the ski trips to Rabbit Hill. At Rabbit Hill they have a chairlift, three tow ropes and a T-bar. It is okay if you don't have skis because you can get rentals. They have a place where you can buy your lunch.

My second favorite thing is when we went to Winterburn Waterpark. There are a lot of different slides such as the Corkscrew, Sidewinder, Belly Flop and there are smaller slides for littler kids. There is a small pool there and there is a hot tub. This year was the best class I've ever been in because it was so fun.

Mr. Arkless' Class Memories

This year I think my most favorite moment of the whole year was the Track and Field day. I also liked going to the West Edmonton Mall Water Park before Christmas break. I like our trip to city hall. We got to see Mayor Bill Smith. We got to pretend we were council members (12 of us) and Ranmeet was the Mayor. We discussed whether we should raise taxes or not. I really enjoyed the Christmas concerts. I enjoyed being in it as well. I also enjoyed watching the division one students preform "The Littlest Christmas Tree". The Junior Highs Christmas play was best.

Tommi Tascona
Pet Peeve: Homework, Mosquitoes,
Favorite Saying: " Gurbie"
Favorite Sport: Volleyball, Baseball
Goal in Life: To play on the Canadian
Women's Volleyball team.

The Years Gossip

This year was like all the rest, full of fights and bickering. It's a regular thing for the girls at our school, though all of us have learned to grow up and act mature about it. I guess we all had our fair share of fights this year, some of us more than others. Its kind of hard not to know what is happening in everyone's life in such a small school.

We'll start with grade 6, since that was the first year we were all together. Our teacher was Mr. Wilson. We had lots of fun times that year, and we will tell you all about them. We will start with telling you who came that year: Ricky Nadeau, Paige Zuk, Lloyd Vandermeer, and George Orgil. Hey guys remember when we went on strike at the beginning of the year. We had paper on our rulers that stated that we were on strike and we protested till we got what we wanted. Tricia and Ricky got into a brutal stabbing with a pencil, and both got sent to the office. Gurb was the instigator of some fights too. It is amazing what those boys would say to get the girls to fight over them. We all know who they were shooting for... Paige Zuk.

Grade seven started with a bang. Great teachers and even greater times. We calmed down on the bickering and improved in the grades a bit.

Grade eight was the highlight year. Friendships blossomed and relationships flowered into beautiful things. Fighting seized and bickering was no longer in our vocabulary. Our grade eight class has grown closer than ever before. The guys can immediately tell if we have a problem, no matter what the size. We have also grown closer to the grade nine's. I can honestly say that we have all grown up immensely this year.

I would also like to add that our grade nine's will be seriously missed by the grade eight's. Some of us any way. Good luck guys! You're going to need it!

That's all I have to say. Until another year, wishing you the best.

Tricia Tabler

&

Paige Zuk

Grade 9 class

NAME: Jeff Badgely

NICKNAME: Twig

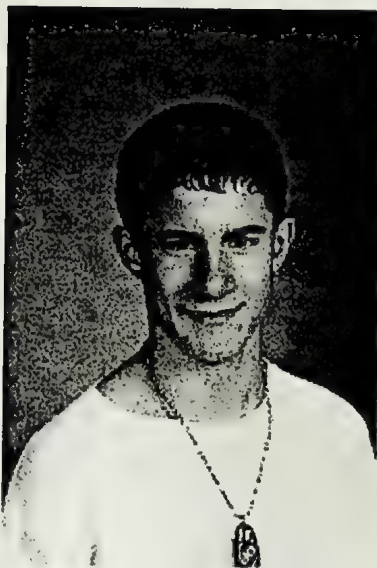

PET PEEVE: Mrs. Loughheed

BEST MOMENT: Skipping class and playing soccer-baseball

FAV. TEACHER: Don't got one

GOALS: Don't got one

NAME: Rhonda White

NICKNAME: Stubby

PET PEEVE: Language Arts

BEST MOMENT: Leaving this school

FAV. TEACHER: All

FAV. SPORT: Volleyball

GOALS: To be like my grandma "ROSE"

Grade 9 Memories

This year in grade 9 was very interesting!! We had many fun classes, even when we were supposed to be learning. Like the time in English, when we had a wedding ceremony for Donnie & Rhonda. Many weird and interesting things occurred this year, especially at Halloween when Donnie, James and Kurt dressed up like girls.

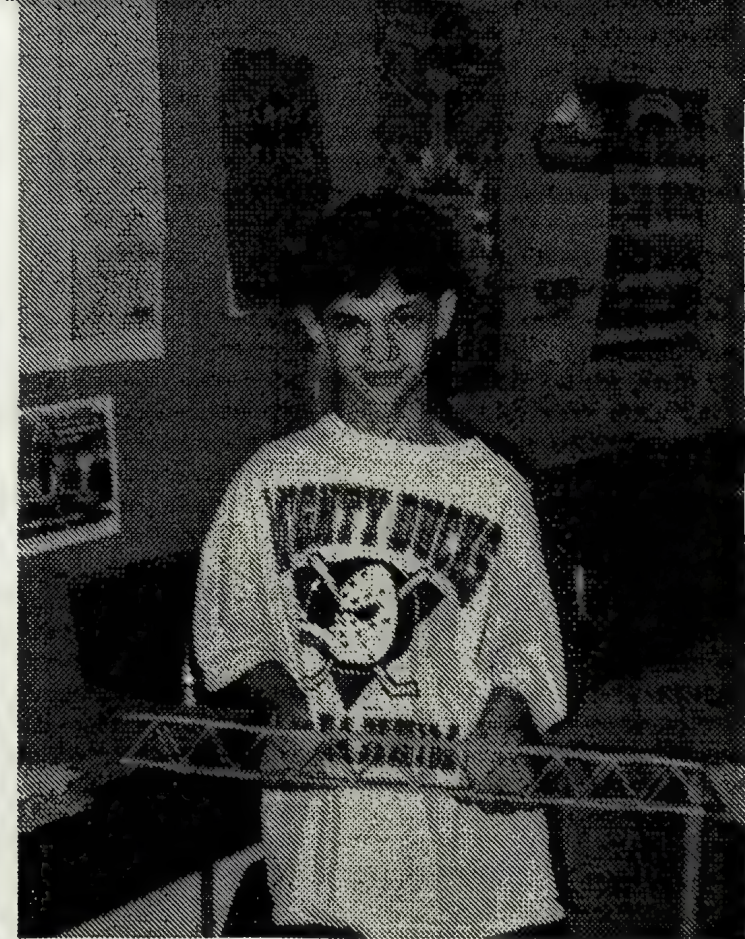

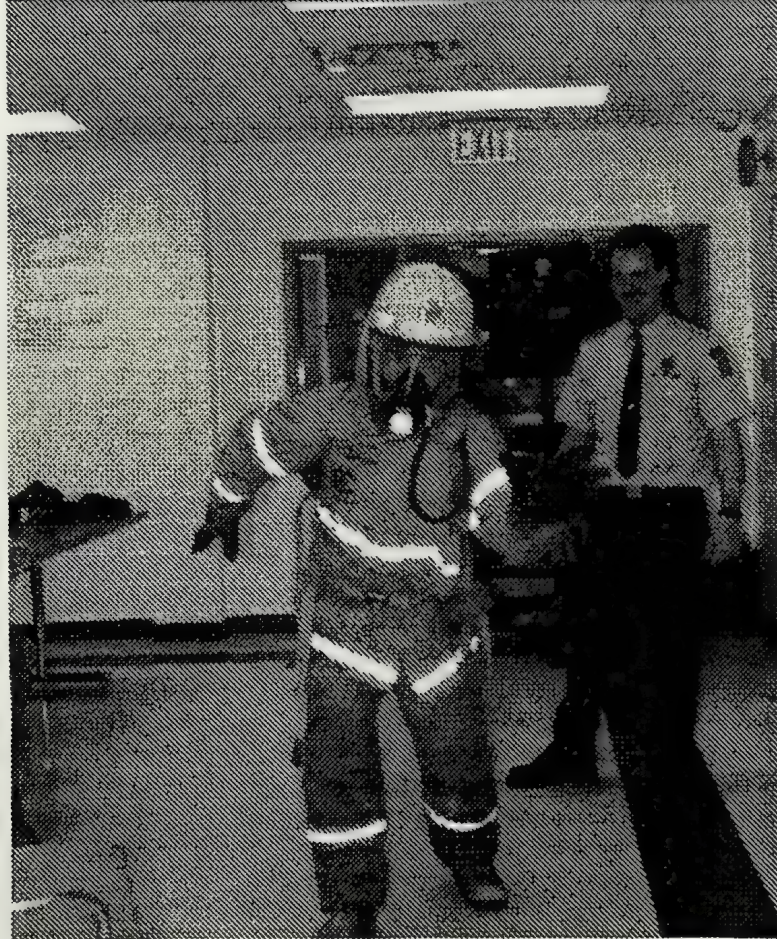

We all learned a lot of things this year. Like how to right proper Essays, or even write letters. The teachers were all great to us. We all enjoyed Ms. Belemisca teaching us our health unit, Mr. McMullen teaching us Social Studies and Physical Education, Or Mr. Chan teaching us Mathematics & Science. Mrs. Loughheed was a great Foods teacher, even though she taught most of us to burn our food.

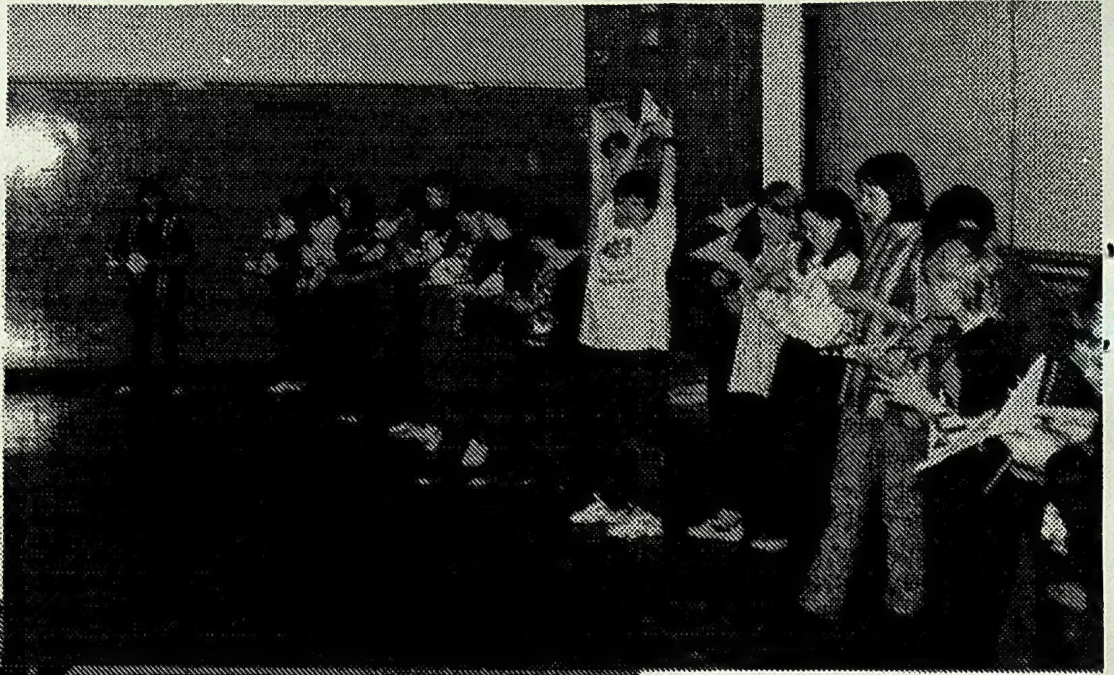

Now all 10 of us get to see the new world of high school. Were many more great memories will be made.

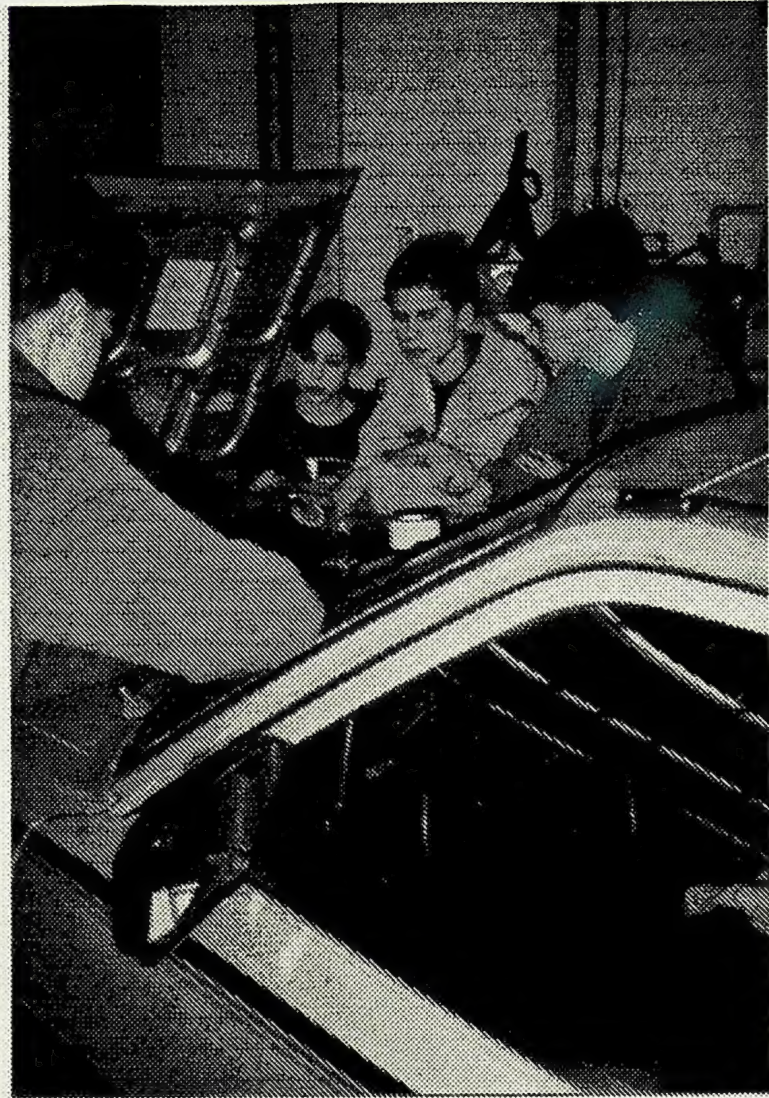

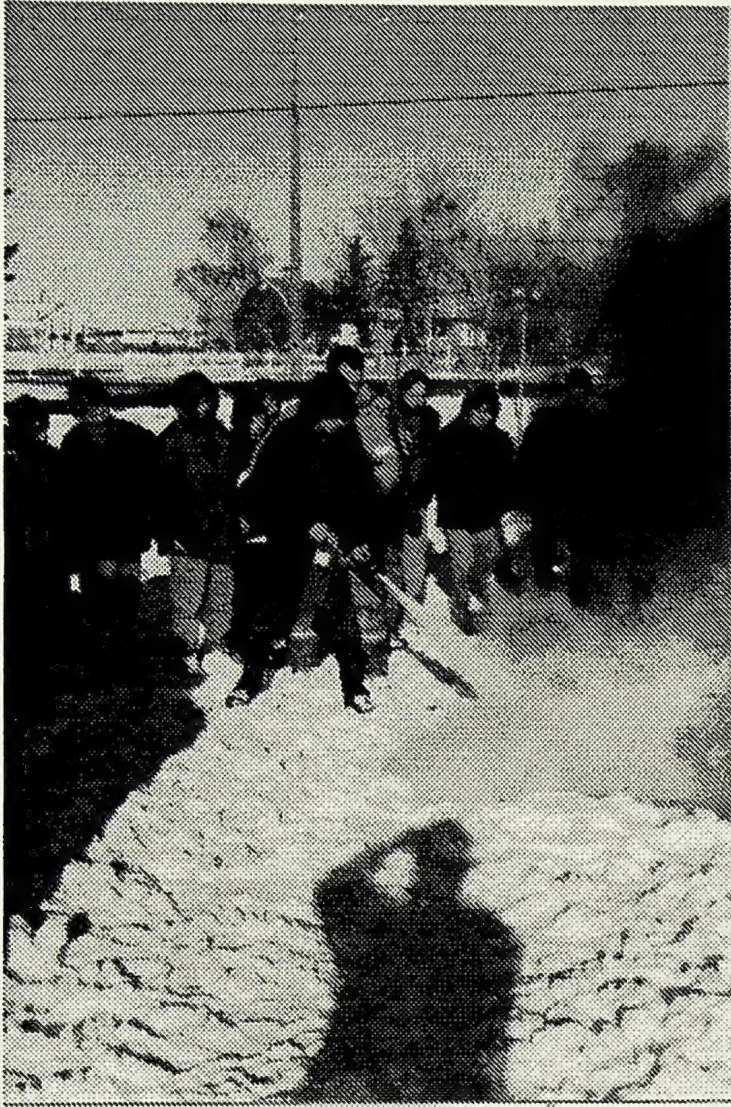

Yours Truly,

Lynn Molineaux
